

Announcement

ESO Releases The Messenger No. 142

15 December 2010

This latest edition, issue 142, of the European Southern Observatory's quarterly journal *The Messenger* features articles on subjects that include:

- Observations of multiple stellar populations in globular clusters with FLAMES at the VLT
- The instrumental polarisation of NAOS–CONICA
- The first part of the VIMOS upgrade
- Manufacture of the Adaptive Optics Facility
- The evolution of the mass–metallicity relation at $z > 3$

The journal is available for download in PDF format. Interested individuals are also able to subscribe to paper copies free of charge via *The Messenger's* webpage.
